VETERAN'S MEMORIAL

The Village of Manchester is engaged in creating a memorial for all those that have served in the military from our community. This effort is being led by Trustee Michael Buttaccio. We have gathered names and are progressing forward. There is an account set up at Canandaigua National Bank, *Village of Manchester Veteran's Memorial*, to help offset some costs and to put in some finishing touches. Many thanks to everyone who has donated so far and also to those that will. Presently, we plan to have a small ceremony to dedicate this site on Veteran's Day this year, or Memorial Day next year depending on our progress. Contact the clerk's office to add any names to the list or if you have any questions.

RIDES ALONG THE TRAIL

If you can't walk the trail, and would like a ride along the outlet, contact Mayor Johnsen (289-9339) or Trustees Bill Henry (289-4206) or Mike Buttaccio (289-8577) to set up a time and they will give you a tour in a golf cart along the trail.

-----CLIP & SAVE-----

FROM THE DPW – FLUSHING HYDRANTS

The Department of Public Works will be **flushing hydrants on Monday August 20, 2019 starting after 9:00 am.** This practice is mandated periodically by the NYS Department of Health to exercise and clean the system. The water may be riled and the water pressure low for 24 hours.

-----CLIP & SAVE-----

BRUSH PICK UP: The village will pick up brush on **the first AND third Thursday of the month.** Please try to coordinate putting your brush out in the corresponding week that it will be picked up. Branches are to be no more than 10 ft in length with a diameter of no more than 5 inches. Please place branches in an orderly manner in one direction. No wheelbarrows. This is a service for residents. If hiring a contractor, it is the contractor's responsibility to remove the brush. Brush pick-up runs from April to November.

Also, mark your calendar that you can start raking your leaves to the curb (still on the grass, not in the gutter) the week before Halloween, as we will start the leaf vacuum at that time.

9/11 REMEMBRANCE FLAG

The background - The blue on each side of the flag represents the color of the state flags for each state where a plane was downed – New York, Pennsylvania & Virginia. The black in the center of the flag represents the sorrow we feel for the innocent lives lost from this tragedy; those on the planes those working in the towers, the Pentagon, and the rescue workers whom lost their lives during the rescue.

The stars – The stars represent the 4 planes that crashed and the innocent lives lost on those planes and in the buildings. The blue star represents the Pentagon & American Airlines Flight 77, and for the innocent passengers and the lives lost in the Pentagon. The 2 white stars represent each of the towers at the World Trade Center, American Airlines Flight 11 and United Airlines Flight 175, the innocent passengers on those flights, the lives lost (both those in the buildings and the rescue workers) and those that survived. The red star represents United Flight 93 that crashed in Shanksville, Pennsylvania, the innocent passengers, and those who sacrificed their lives to protect the loss of other innocent lives. The color of the stars (red, white & blue) is representation of our United States flag. All 4 stars are touching, as well as the 2 white stars to touch the blue in the flag – this represents our ‘unity’ in the United States.

Water Conservation Tips

Conservation is an important first step in preserving our water supply. Using these measures can also save you money by reducing your water and sewer bills. Here are a few suggestions.

Conservation measures you can use inside your home:

- Fix leaking faucets, pipes and toilets.
- Install water saving devices in faucets, toilets and appliances
- Replace high water use fixtures.
- Wash only full loads of laundry.
- Do not use the toilet for trash disposal.
- Take shorter showers.
- Do not let the water run while shaving or brushing teeth.
- Run the dishwasher only when full.

You can conserve outdoors as well:

- Water the lawn and garden in the early morning or evening.
- Use mulch around plants and shrubs.
- Repair leaks in faucets and hoses.
- Use water saving nozzles and sprinkler heads.
- Use water from a bucket to wash your car and save the hose for rinsing.
